Context RECENT UPDATES

Shown below are some exciting key new features that have been added to our Context product. we have also listed some features that have also been updated within our existing products overall.

1. Improved algorithm in Citation Patterns to provide relevant and faster results.
2. "See All" in search suggestions links to all results.
3. Up to 10 suggestions (from the current 3 suggestions) when searching for an Expert, Judge or Area of Expertise.
4. Excel reports of the documents in Analytics to be linked to the online version.
5. Link to this page - Share Judges and Experts of interest with your colleagues instead of downloading a report.
